Affordable Old World Luxury

Slated for Excellence

A tribute to simpler times, Highland Slate is a modern-day interpretation of elegant old world roofing. By combining the classical allure of slate with the state-of-the-art performance of asphalt construction, Highland Slate provides homeowners a smartly-priced roof that will showcase brilliantly while offering unwavering protection from the ire of Mother Nature.

Inspired Design

Highland Slate's large format four-tab design is expertly engineered to replicate the chiseled form of real quarried slate. Plus, with a dynamic selection of color options that feature rich blends of complementary-colored granules, it is easy to give your roof a well-balanced and stylish appearance.

A Top Performer for All Seasons

CertainTeed's world-class manufacturing practices ensure that each Highland Slate shingle meets the industry's most demanding quality standards for roofing materials. In addition to its highly-reliable build quality, Highland Slate also boasts a Class A fire resistance rating and a 110 MPH wind resistance rating (can be upgraded to 130 MPH).

Beauty that Lasts

The ultimate in stain protection, CertainTeed's

StreakFighter technology uses the power of science to repel algae before it can take hold and spread.

StreakFighter's granular blend includes naturally algae-resistant copper to combat the ugly black streaking caused by algae and help your roof maintain its beauty for years to come.

Supported by More Than a Century of Roofing Excellence

CertainTeed's lifetime-limited transferable warranty is a true industry standout, providing a level of coverage that the competition cannot equal. Whereas other manufacturers only warrant against defects that cause leaks, CertainTeed protects your investment against all manufacturing defects, including aesthetic defects. It's quality you can trust, rooted in roofing expertise that traces back to our founding in 1904.

Add a Little Accent to Your Roof

CEDAR CREST®

Cedar Crest hip and ridge accessories feature blended colors and an upgraded medium profile with two full layers of premium materials for a striking dimensional appearance that coordinates with Highland Slate shingles.

SHANGLE RIDGE®

For a stylish finishing touch to hips and ridges, choose Shangle Ridge® hip and ridge accessories. Shangle Ridge is designed specifically to complement Highland Slate shingles.

Color Companion Products™ for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in colors that complement some of the most popular CertainTeed shingles.

The Ultimate in Protection

StreakFighter®

Algae Resistance

The ultimate in stain protection.

Those streaks you see on other roofs in your neighborhood? That's algae, and it's a common eyesore on roofing throughout North America. CertainTeed's **StreakFighter** technology uses the power of science to repel algae before it can take hold and spread. **StreakFighter's** granular blend includes naturally algae-resistant copper, helping your roof maintain its curb appeal and look beautiful for years to come.

CertaSeal™

Uplift Protection

CertaSeal™ is a fast-activating modified asphalt sealant with a 20-year record of proven performance. Designed to seal shingles together upon installation, it protects roofs from wind uplift and shingle blow-off so that homes stay safe and dry. It's also engineered to remain flexible after installation, unlike harder sealants that can dry out and crack over time.

Integrity Roof System™

A COMPLETE APPROACH TO LONG LASTING BEAUTY AND PERFORMANCE

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System combines key elements that help ensure you have a well-built roof for long-lasting performance.

It all starts with CertainTeed's broad line of shingles, featuring brilliant color blends, dramatic styles and shadow lines, and the strongest warranties in the industry. The right shingle can mean the difference between an average, everyday look or a beautiful roof that's the talk of the neighborhood.

Shingles are just the beginning - to keep your new roof performing and looking great for years to come it takes a complete CertainTeed Integrity Roof System approach.

1. Waterproofing Underlayment

The first step in your defense against the elements. Self-adhering underlayment is installed at vulnerable areas of your roof to help prevent leaks from wind-driven rain and ice dams.

2. Water-Resistant Underlayment

Provides a protective layer over the roof deck and acts as a secondary barrier against leaks.

3. Starter Shingles

Starter Shingles are the first course of shingles that are installed and designed to work in tandem with the roof shingles above for optimal shingle sealing and performance.

4. Shingles

Choose from a variety of Good-Better-Best styles to complement any roof design and fit your budget.

5. Hip & Ridge Caps

Available in numerous profiles, these accessories are used on the roof's hip and ridge lines for a distinctive finishing touch to your new roof.

6. Ventilation

A roof that breathes is shown to perform better and last longer. Ridge Vents, in combination with Intake Vents, allow air to flow on the underside of your roof deck, keeping the attic cooler in the summer and drier in the winter.
